Dear Sir:

The above-captioned Application was filed March 12, 2004. One sheet of drawings, sheet 6, containing Figures 11 and 12 (copy enclosed) was mentioned in the Brief Description of the Drawings and the description of the invention but was inadvertently not included with the application papers. However, since U.S. patent application 09/827,732, now U.S. Patent No. 6,738,051, was incorporated by reference and these figures were present in that application, they were effectively included in this one. Therefore, the present application was not incomplete. Therefore the applicants respectfully request that the present application be accorded a filing date of March 12, 2004.

A copy of U.S. Patent No. 6,738,051 and a preliminary amendment to physically add these figures to the present application are enclosed herewith.

Please charge the petition fee provided in 37 CFR § 1.17(h), and if necessary, charge any additional fees, or credit any overpayment to Deposit Account No. 13-3723. One copy of this sheet marked duplicate is also enclosed.

Respectfully submitted,
